Mr. Richard W. Corey
Executive Officer
California Air Resources Board
1001 I Street, P.O. Box 2815
Sacramento, California 95812

Dear Mr. Corey:

On June 19, 2018, the California Air Resources Board submitted revisions to the California State Implementation Plan (SIP). We have reviewed the materials submitted with the following documents and found that they fulfill the completeness criteria in 40 CFR Part 51, Appendix V.

APCD/AQMD	Title
San Joaquin Valley Unified (SJVUAPCD)	2008 Ozone Certification Non-Attainment New Source Review (NSR) Compliance Demonstration
Yolo-Solano (YSAQMD)	2008 Ozone Certification Non-Attainment New Source Review Compliance Demonstration

This submittal addresses the finding of failure to submit made by the U.S. Environmental Protection Agency (EPA) on February 3, 2017, (82 FR 9158) for the 2008 Ozone National Ambient Air Quality Standard regarding New Source Review (NSR) program requirements for the SJVUAPCD and the YSAQMD. The finding of completeness conveyed in this letter represents EPA's determination that the deficiency that formed the basis for the finding of failure to submit with respect to the NSR program has been corrected, and as a result, the related application of the sanction clock is permanently stopped. See 40 CFR 52.31(d)(5).

If you have any questions regarding our completeness review, please call me or have your staff call Arnold Lazarus at (415) 972-3024.

Sincerely,

Elizabeth J Adams
